DR Douro Colheita Tinto 2023

PRODUCER Agri-Roncão Vinícola, LDA

Agri-Roncão is a family-owned company founded in 2001 by Domingos Ribeiro. With over 60 hectares of planted area and two wine cellars/winemaking centers in the Demarcated Douro and Vinho Verde regions, Agri-Roncão is dedicated to the production and trade of Douro Wines, Vinho Verde and Port Wines.

REGION Douro/ Sub-region Corgo

TERROIR Quinta da Levandeira do Roncão is located on the right bank of the River Douro, in Vilarinho de Cotas, municipality of Alijó. It has a very hilly terrain, with slopes varying between 5% and 45%, an acid soil of schist origin, with a high degree of stoniness. It is located at an altitude of 500/600m, with a southern exposure. The vines receive sun throughout the day, which is reflected in the quality of their ripening. It benefits from a microclimate where an extensive mountain range protects the region from the influence of the Atlantic Ocean, offering a continental climate characterized by hot, dry summers and cold, rainy winters.

VINIFICATION Manual harvest in 25kg boxes. 100% destemming followed by crushing. Fermentation took place in stainless steel vats at a controlled temperature between 20 and 22°C - for approximately 8 days.

TASTING NOTES This wine has a violet color, with an aroma of red fruits and some floral notes. In good life, it is fresh and velvety, with a finish marked by an enormous aromatic intensity.

Vintage 2023

Grape Varieties Touriga Nacional, Touriga Franca, Tinta Roriz

Winemaker Luís Rodrigues

Alcohol Content 13%

Total Acidity 4.3 g/dm³

Total Sugars 0.84 g/dm³
