PRODUCER Agri-Roncão Vinícola, LDA
Agri-Roncão is a family-owned company founded in 2001 by Domingos Ribeiro. With over 60 hectares of planted area and two wine cellars/winemaking centers in the Demarcated Douro and Vinho Verde regions, Agri-Roncão is dedicated to the production and trade of Douro Wines, Vinho Verde and Port Wines.

REGION Douro/ Sub-region Corgo

TERROIR Quinta da Levandeira do Roncão is located on the right bank of the River Douro, in Vilarinho de Cotas, municipality of Alijó. It has a very hilly terrain, with slopes varying between 5% and 45%, an acid soil of schist origin, with a high degree of stoniness. It is located at an altitude of 500/600m, with a southern exposure. The vines receive sun throughout the day, which is reflected in the quality of their ripening. It benefits from a microclimate where an extensive mountain range protects the region from the influence of the Atlantic Ocean, offering a continental climate characterized by hot, dry summers and cold, rainy winters.

VINIFICATION Made with red traditional grape varieties from the Douro, selected and harvested manually. During the alcoholic fermentation the must was fortified with the addition of a strong wine brandy. Once the fermentation was completed it was kept and aged for several years in old wooden barrels. Old Port wine, resulting from a blend of several aged red Ports, with an average age of 30 years.

TASTING NOTES It presents a soft amber colour. Magnificent nose with a rich bouquet of dried fruits. The palate is quite intense, with flavours of nuts and hints of honey. Gorgeously mellow, with an amazing long finish. Excellent to be served with desserts, sweets and dried fruits.
