PRODUCER Agri-Roncão Vinícola, LDA

Agri-Roncão is a family-owned company founded in 2001 by Domingos Ribeiro. With over 60 hectares of planted area and two wine cellars/winemaking centers in the Demarcated Douro and Vinho Verde regions, Agri-Roncão is dedicated to the production and trade of Douro Wines, Vinho Verde and Port Wines.

REGION Vinhos Verde Wines/ Sub-region Sousa

TERROIR Quinta de Linhares is located in Penafiel, sub-region of Sousa, in the demarcated Vinhos Verdes Region. The vineyard is exposed to South-Southwest, between the elevations of 250/300m of altitude. The climate is moderate to dry with low temperature variations. Winters are not very harsh and summers are mild and dry. Although it is not directly exposed to Atlantic influence, it is felt due to the low relief. The type of soil is Sandy-Loam, rich in nutrients such as Phosphorus and Potassium and poor in Calcium and Magnesium, producing low PH wines. The granitic origin composition, gives minerality to the wines.

VINIFICATION Manual harvest in 25kg boxes. After a careful selection of the grapes, they were destemmed and crushed in a pneumatic press, without pre-fermentative maceration. Fermentation took place in stainless steel vats at a controlled temperature of 16°C - for approximately 20 days. Stage in stainless steel vats for 3/4 months, during which the wine has been in contact with the lees.

TASTING NOTES Made from a careful selection of red grapes. With a very appealing color, it is characteristic for its aromatic intensity and pleasant freshness. Reveals floral and red berry fruit aromas such as currant. In the mouth it is fruity and smooth.
