REGION

Douro / Sub-Region Cima Corgo

TERROIR In the heart of the Douro Region, Quinta da Levandeira do Roncão is located in the old village of Vilarinho de Cotas, Alijó municipality, on the right bank of the Douro River, between the heights of 500 and 600 m of altitude. With a very rough relief, hillside with different slopes varying between 5% and 45%; an acid soil of schist origin, with a high degree of stoniness, which makes it in a shallow soil and very poor in organic matter, similar to the typical soil of the Douro region. The vineyard is exposed to South, therefore the vines are exposed to the sun all day which is reflected in the quality of its ripeness. The most important geological feature responsible for the microclimate of the Douro region is the mountain chain that protects it from the influence of the Atlantic Ocean, offering a continental climate characterized by hot and dry summers and cold and rainy winters. The annual average temperature is 16 °C and the average annual rainfall is 900 mm.

TASTING NOTES Wine produced with Touriga Franca grape variety. Stage in French oak wood for 16 months. It presents an opaque ruby colour, concentrated aroma, complex, with vanilla and very ripe red fruit and spices notes. In the mouth it is very dense, with a lively acidity, marked by high quality tannins. With a very long and balanced finish.
