REGION Douro/ Sub-region Corgo

TERROIR Quinta da Levandeira do Roncão is located on the right bank of the River Douro, in Vilarinho de Cotas, municipality of Alijó. It has a very hilly terrain, with slopes varying between 5% and 45%, an acid soil of schist origin, with a high degree of stoniness. It is located at an altitude of 500/600m, with a southern exposure. The vines receive sun throughout the day, which is reflected in the quality of their ripening. It benefits from a microclimate where an extensive mountain range protects the region from the influence of the Atlantic Ocean, offering a continental climate characterized by hot, dry summers and cold, rainy winters.

VINIFICATION Made from red grapes of traditional Douro varieties, carefully selected and hand-picked. During the alcoholic fermentation, the must was fortified with the addition of grape spirit. Once fermentation was complete, it was kept and aged for several decades in old wooden barrels. A very old and rare Port wine, resulting from a careful blending of various wines aged for decades, averaging a final age of 150 years.

TASTING NOTES This unique and sublime Port wine has a brownish-green and opaque color. The aroma is intense and features notes of roasting, honey, tobacco, walnut, caramel, black pepper, and a hint of vinegar. On the palate, it is a full-bodied, honeyed and fresh wine, very complex with a long finish. It can be served on its own or alongside a good cigar. It also pairs well with orange or caramel sweets, as well as dried fruits or dark chocolate.
